

APPENDIX – CLEAN COPY OF REPLACEMENT PARAGRAPH

c In addition, the “mint” odor due to the menthol is only faintly perceptible, so the composition can further include at least one fragrance that can be different from or similar to the fragrance of “mint”. In this respect, particular mention can be made of the fragrance “glacier SG 809 A”, available commercially from Quest International Corporation, which reproduces the feeling and the odor of freshness at a concentration of 0.5% to 5% by weight, but without being overpowering and/or irritating.
